

SIX HORSES PERISH IN FIRE.
So Does the Children's Friend, Big Billygoat.
But Cornish's Greatest Sorrow Is for Old Jack, Who Must Die.

Six horses and a goat were burned to death in a livery stable fire at 1230 First avenue early this morning.
The stable is a one-story and basement brick building which stands alone in the block on First avenue, between Sixty-sixth and Sixty-seventh streets. It is owned by George J. Cornish.
The fire started from some unknown cause in the feed-room in the basement. It was discovered by Policeman Mangold, who about 12:30 A. M. heard what he thought were the cries of a woman coming from the stable.
He ran over and saw smoke coming from the windows. While some one was sent out to get a fire engine, the fire was spreading rapidly and the horses were released from their stalls.
The fire spread to the feed-room and the six horses and the goat were burned to death. The goat was named Billygoat and the horses were named Old Jack, Old Tom, Old Sam, Old Ben, Old Dick and Old Harry.
The fire was caused by a candle which had been left burning in the feed-room. The fire spread to the stable and the horses were burned to death.

GERMAN VISITORS INDIGNANT.
Postal Officials Say They Were Ill-Treated by Mr. Bissell.
Came to Investigate and Confer and Were Coolly Received.

CHICAGO, June 20.—The Record this morning says that four high officials of the Postal Department of the German Empire are in the city. They are much chagrined and piqued at the cool reception they have met in a few days' visit to Europe with no friendly feeling for Postmaster-General Bissell and his cohorts.
In April Dr. von Stephan, the director of the German Imperial Post, wrote to Postmaster-General Bissell informing him that four representatives of the Postal Department of the Empire would visit America to confer with the postal authorities of this country in regard to better mail service for packages, and make an inquiry into the conduct of American postal affairs.
The representatives chosen were Imperial Privy Councillor Grahwinkel, Herr Kuse, Supervising Architect of the Postal Department, and Herr Kraus, Superior Postal Director of Alsace-Lorraine. They arrived at New York June 14, and proceeded to Washington.
They waited upon the Postmaster-General and told him the object of their visit. He received them coolly, to say the least, and repeated that for several weeks he had been waiting for them. He said that he could not confer with the German representatives on needed postal reform.
After this introductory interview, the officials from the empire did not see any reason for staying in the city. They left Chicago on June 21, and set out to prepare a report on the postal exhibits at the World's Fair. The German exhibits will soon be finished, and the party will return at once to Germany.

JEWELS BETWEEN BED-TICKS.
Balance of Property Stolen Nine Months Ago Recovered.
A Sister of Convict Donohue Arrested in Yonkers.

Inspector McLaughlin's detectives have recovered the remainder of the \$2,500 worth of diamonds and jewelry which were stolen from Allen Carter, an ex-pressman, of 6 Church street, about nine months ago, in a few days' visit to Europe with no friendly feeling for Postmaster-General Bissell and his cohorts.
The balance of the missing jewelry, worth about \$1,500, was traced to the residence of Mrs. Anne Ryan, a sister of one of the robbers, who lives at 72 Park Hill avenue, Yonkers. The detectives made a search through the house yesterday, and discovered the missing property, stuffed between two bed-ticks. Mrs. Ryan was placed under arrest and brought to Police Headquarters in this city, whence she was taken to Jefferson Market Court by Detective Price and Montgomery, where she was arraigned on a charge of receiving stolen goods. She is remanded by Justice Voorhis until tomorrow morning, when she will appear before Judge Hoffman, the nearest station having a matron.
Neither the prisoner nor the detectives would make a statement about the case, and it is believed that the officers are only awaiting an admission of guilt before they can proceed with the case.
On Nov. 30, 1932, Detective Price and Montgomery arrested Thomas Donohue, aged thirty years, who was a clerk in the employ of Mr. Allen, and who was arrested on a charge of receiving stolen goods. He was remanded by Justice Voorhis until tomorrow morning, when he will appear before Judge Hoffman, the nearest station having a matron.
The package was being delivered by the expressman to Allen Carter, who was a clerk in the employ of Mr. Allen, and who was arrested on a charge of receiving stolen goods. He was remanded by Justice Voorhis until tomorrow morning, when he will appear before Judge Hoffman, the nearest station having a matron.

CHARLES W. COCCIA HELD.
He Is Now Said to Have Embezzled \$45,000 or More.
They Will Be Rehearsed in an Argument for His Transfer.

Charles W. Coccia, the young man who was arrested in Boston yesterday on a charge of embezzlement preferred by his employer, Hyman Sonn, a wholesale grocer of 355 Washington street, this city, was arraigned before Justice Martin in the Tombs Police Court this morning and held for examination this afternoon. At the time the warrant was sworn out Coccia's pecuniaries were estimated at about \$10,000, but Detective Heldberg said this morning that \$45,000 would be nearer the correct sum.
Coccia, as told in yesterday's "Evening World," had been the employ of Mr. Sonn for many years, having worked up from the position of messenger boy to that of cashier. He was, to all appearances, attentive to his duties, and employed as subsequent developments proved, the fullest confidence of his employer.
Mr. Sonn became suspicious some time ago that he was suffering from the loss of money. He instituted an investigation, but found nothing to throw suspicion upon Coccia. He was, however, a young man, who is only twenty-one years old, disappeared without a trace. He was, however, a young man, who is only twenty-one years old, disappeared without a trace.

CONVICT MEREDITH'S CHARGES FREE TO ALL WHO APPLY.
Drugged, He Says, to Cover Up an \$80,000 Defalcation.

Before Supreme Court Justice Barnard July 7 next, Lawyer John Holly, who has an office in the Secretary Building, will argue a writ of habeas corpus, which he has obtained for Edward Meredith, who shot "Pinky" Daly, the gambler, Dec. 2, 1933, while trying to blackmail him.
Meredith is now an inmate of the Asylum for the Criminal Insane, at Matteawan, N. Y., having been removed from Auburn, where he was confined by Gov. Flower. In arguing the writ, Holly will contend that Meredith is a sane man, and that he should be released from the asylum. ROBBED, THROWN OVERBOARD.
Newsboy Weisberg Attacked by Three Young Ruffians.
Found Him Asleep on a Pier and Killed His Pockets.
Three of the young toughs who hang about the river front and prey upon the people who go there to sleep during sultry nights fell into the hands of the police at 2:30 this morning.
The prisoners are William Ryan, James Madden and William Kelly. All were taken up by the police at the Newsboys' Lodging House. They are each about nineteen years old.
The arrests were made by Patrolman Michael W. Tierney, of the Church street station, on complaint of Jacob Weisberg, a fifteen-year-old newsboy, of 363 East Seventy-seventh street, who accused them of robbing him of 25 cents while asleep on the pier, and pushing him overboard into the river after the robbery.
Officer Tierney saw the entire proceedings and identified Ryan as the one who went through the boy's pockets, and Madden as the one who pushed him overboard.
Weisberg was unable to swim, but fortunately he fell upon a lot of rubbish and thus escaped almost certain death.
The trio, as soon as they sighted the policeman, ran away. Madden was overtaken, but only submitted to arrest when the policeman drew his revolver and threatened to shoot. The other two were arrested in the neighborhood soon after.
The more serious charge of attempted murder was not preferred against the prisoners, the officer and complainant deciding to merely press the charge of larceny, in which they were held in \$500 bail each by Justice Martin for detention.

Wanted to Be a World's Fair Judge.
CHICAGO, June 20.—Uncle Jerry Rusk went down to Jackson Park yesterday and held a formal conference with the Executive Committee on Awards and Chief Buchanan, of the Department of Agriculture. Before the conference Mr. Rusk agreed to tender his services to the Awards Bureau July 15.
Several members were called, but none of them seemed to know much about the occurrence, but when Justice Voorhis came, he was very much interested. They quickly paid the fine and left court vowing vengeance.

CHICAGO, June 20.—The colt Meddler was sold at Newmarket for \$10,000 on Monday for 14,000 guineas (about \$100,000), and yesterday's despatches said it was thought W. H. Forbes, of Boston, was the purchaser.
This was confirmed last night by William Forbes, managing director of Tattersalls in America, who is in Chicago. Mr. Forbes received a cablegram from the London main office stating that the great colt was purchased for \$100,000 by Messrs. Weatherly, of London.

FEARS FOR MR. TANNER.
Lawyer House's Brother-in-Law Missing Since Last Monday.
Relatives of Edward W. Tanner, superintendent of M. Proffer's picture-frame factory, at 211 East Thirty-third street, who has been missing from his home, 304 West Fourth street, since Monday morning, are becoming alarmed over his personal safety.
Mr. Tanner left his home at 7:30 A. M. as usual, to walk to his work. He did not show up, and has not been seen or heard from since, although his relatives have notified the police and visited every hospital in the city and the morgue.
Mrs. Tanner, his wife, is working hard for the last week or two, and complained of not feeling well. He had slight fever, but was working hard. When brought before Inspector McLaughlin this morning she refused to say anything about his disappearance.
Donohue pleaded guilty to the charge of stealing the goods, and was sent to the State Prison for a term of seven years at the same place.

MRS. VOHDAN'S STRANGE DEATH.
The Coroner is Making an Investigation in the Case.
The death of Mrs. Lena Vohdan, the widow of a well-to-do furniture manufacturer of West Farms, is being investigated by the Coroner.
Mrs. Vohdan died in terrible agony yesterday morning in Fordham Hospital. She had been received there Sunday. Just before her death she confessed to the house surgeon, Dr. George Elliott, that she had taken medicine at the advice of a woman named She. She had taken a deep coma before she could be further questioned. She never rallied, and was dead in fifteen minutes.
The autopsy disclosed evidence of ammonia poisoning, which had been taken in large quantities.
Mrs. Vohdan, who was thirty-two years old and quite good looking, lived at One Hundred and thirty-eighth street and the Southern Boulevard. Her husband, Philip Vohdan, owned a furniture manufacturing business in the neighborhood, and after his death last Fall she sold the business to Joseph Maxlin, who has since sold her a monthly rental for the building.
She became ill two weeks ago and was attended by a doctor. Her condition grew worse. Early Sunday morning her eight-year-old daughter told Policeman Fielding, of the Thirty-fourth Precinct, that her mother was ill and could not speak to her. The officer found the woman in bed, unconscious, and the four children, whose ages range from one to six years, were trying to arouse her. There was no crumb of bread, no food in the house. It is believed that the children had been told to buy food, and their mother had been too weak to tell them. Application will be made to have the body examined at an institution and a guardian appointed for them. The property, valued at \$30,000, should be worth \$100,000 by the time they become of age.

MRS. DRAYTON SAILS.
She and Miss Moore Leave New York on the Puget Bismarck.
The steamship Puget Bismarck, of the Hamburg-American Packet Company, left for Southampton and Hamburg at an early hour this morning. She carried a large number of passengers in the saloon.
There was some doubt as to whether Mrs. J. Coleman Drayton would sail on the Puget Bismarck. It was announced today it was said that Mrs. Drayton, accompanied by Miss Moore and two maids, boarded the vessel late last evening.
It is said that Mrs. Drayton would be the guest in England of her brother, William Waldorf Astor, by whom she will be introduced to the English aristocracy. She will remain abroad for some time. She will then return to this country and occupy the house recently purchased by her on Fifth avenue from John Jacob Astor.

ALMOST KILLED A BOOTBLACK.
Farmer Tosses a Boy Over His Head and Just Escapes a Lynching.
PITTSBURGH, June 20.—Herbert Deesch, a Leechburg farmer, narrowly escaped lynching yesterday for brutally assaulting a small bootblack.
Deesch had just arrived in the city and was standing on Liberty street when Willie Cole, a fifteen-year-old lad, impudently asked him to have his boots blacked. He refused, but the little fellow was persistent.
Finally Deesch became angry, and after kicking the boy he picked him up and threw him over his head. The lad fell insensible to the blows. Deesch was surrounded by a mob of angry men, and he was threatened with a lynching. The mob was about to carry the threat into execution, but police arrived, and after considerable trouble he was arrested and taken to the Central station. The boy is still unconscious and it is feared will die.

NEW YORK INDIANS FOR THE FAIR.
CHICAGO, June 20.—Chief Luther W. Jack, of the Tuscarora tribe of Indians, one of the hands of the Six Nations, or Iroquois Confederacy, of New York, arrived yesterday and reported to Prof. T. H. Morgan, of the Biological Department at the World's Fair, that Jack came as a courier to herald the arrival this week of thirty or more representatives of the Six Nations, who will be domiciled in the Ethnological and Anthropological Building during the continuance of the fair.

ILLINOIS STAYS IN JAIL.
His Examination Postponed for Another Week.
Frank Ellison will have to stay at least another week in jail, as Broker Henriques, whom he so brutally assaulted, is not yet out of danger, and the examination which was to have taken place in the Jefferson Market Police Court this morning, will be postponed in consequence until Thursday morning next at 9 o'clock.
Lawyer Charles W. Brooke was on hand to plead for Ellison and get Justice Coleman to adjourn the case. Justice, however, had received a letter from Dr. Wynkoop, Mr. Henriques's physician, stating that the latter was still in danger, and the adjournment followed.
Ellison, who had been brought up from his cell in the prison, looked the picture of health, and his condition evidently agrees with him.

HOOD'S Cures
For I am satisfied it is an excellent remedy. Rheumatism in the back, hips, arms and over my whole body has been cured by Hood's Sarsaparilla. Sometimes my right arm has been so lame I feared I should lose it. I had taken four bottles of Hood's Sarsaparilla and my rheumatism entirely left me. Besides the cure, I have been a minister of the Methodist Episcopal Church forty years, and have been troubled with Dr. Pepper's, but since taking Hood's Sarsaparilla my appetite has been good, food digests well and I have gained several pounds. THE CITY NOT LIABLE.
Mayor Gilroy Says No Law Asks Schoolboys Puppets to Pay.
Mayor Gilroy's attention was called this morning to a statement of School Committee member M. O'Brien, who, speaking of the refusal of the Mayor and the Board of Estimate to provide money for the nautical schoolship St. Mary's is quoted as saying:
"In my opinion the parents and guardians of the boys are the proper cause for action against the city. A contract has been entered into between the city and the boys or their legal guardians. For each boy the sum of \$30 has been accepted with the understanding that he would have a two-year course in nautical training. It is not the duty of the city to provide for the maintenance of the boys. The city is not liable for the maintenance of the boys. The city is not liable for the maintenance of the boys. The city is not liable for the maintenance of the boys."
